The Official Daisy Fuentes Website

She cohosts *America's Funniest Home Videos*, but you probably like Daisy Fuentes because she was an MTV VJ—or because she's really, really hot.

Besides a biography, Fuentes's official site offers family-friendly photos: You'll see Daisy on vacation in the West Indies with her sister, Daisy visiting patients at the St. Jude Children's Hospital and, for the kids, Daisy getting ready for a Miller Lite commercial. Go to www.daisyfuentes.com.
